

RELIABLE STORAGE SYSTEMS

One Stop Solution in **Material Handling Equipment**

3 Wheels Electric Forklifts

3-wheel electric forklifts are compact and manoeuvrable industrial vehicles primarily used for transporting and lifting heavy loads in confined spaces. Powered by electricity, they offer a cleaner and quieter operation compared to their internal combustion engine counterparts

Technical Specification

MODEL	RERP 16UXT	RERP 18UXT	RERP 20UXT
Type	Electric (Battery)		
Capacity (Kg)	1600	1800	2000
Travelling Speed Laden (km/hr)	14	14	14
Turning Radius (mm)	1601	1601	1716

* We reserve the right to change design due to continuous product improvement process

Head Office:

103, , Lake View Residency, Bangli Road, Near
Huseini Colony, Sandor Vasai (W) 401 207 ,
Maharashtra, INDIA
